NOTES TO PARENTS

By enrolling your child(ren) in the NTCS Aquatics Program, you agree to the following in order to help us maintain a safe and pleasant environment for all involved in the swimming program.

- Changeroom policy – Children 5 years and older are not permitted to enter the changeroom of the opposite sex, either to change themselves or to assist a sibling. Parents may never enter the changeroom of the opposite sex.
- It is very important that you supervise your children at all times, particularly those who are waiting for their lessons or brothers and sisters who come with swimmers. Please ensure that your children are with you and do not remain unattended.
- During the hours designated for swimming lessons the gym is not available to parents or children.
- We would also ask you to refrain from eating and/or drinking in the hallways and pool viewing area.
- No credits or refunds will be given once a session has started. If you do need to cancel your registration, it must be done at least one week prior to the start of the session.
- No video-taping or still photography of the pool area is permitted at any time.
- **** Please do not feed your child a big meal one hour before their lesson.**

Thank you.

Athletic and Aquatics Director

NTCS AQUATICS – PRIVATE AND ADULT LESSONS SPRING 2019 SCHEDULE

Private lessons are being offered to help those who are having difficulties in the regular swimming classes. Private lessons will provide swimmers with one on one instruction where the instructor will be better able to work with, and assess the needs of, the individual student.

Please note the following:

- Enrolling in private lessons does not guarantee that your child will be able to pass or advance more quickly through the levels of the program. It only ensures that your child will receive the one on one attention that they need.
- The badges awarded for private lessons will be the same as for the Red Cross group lesson program that we also offer. This means that you may enroll your child for one or more sessions in private lessons until a specific difficulty has been resolved and then they may rejoin the regular lesson program as soon as they are ready.
- The schedule for private lessons is more flexible and therefore **parents must be flexible in the times they request.**
- Other swimmers will be in the pool during the private lesson, but your child will always receive one on one instruction, unless other arrangements have been made and agreed to.
- Adult lessons are available for swimmers 14 years of age and older. This program is not part of the Red Cross program and participants will not receive a Red Cross Badge. These lessons are based on the individual's needs and desire to improve their current swimming ability.
